

Dear Friends of Nicholson's,

Like all of you, we are continuing to monitor the reports about COVID-19. Food safety is always our top priority, but in this unprecedented time we are taking extra measures for the health and safety of all of our guests and staff as we move forward with daily operations.

**Precautions we are taking:**

- Maintaining our exceptional hygiene standards and following CDC recommendations. All employees will wash hands at more frequently timed intervals. Anyone touching a payment must sanitize their hands.
- Constant sanitization to all surfaces, especially those that are frequently touched.
- We have purchased increased supplies of soaps, gels, disinfectants, and cleaners for employees and guests.
- We will implement a single-use menu.
- We offer delivery via Door Dash and Uber Eats, and carryout which can be brought to your car in a way that complies with the social distancing guidelines set by the CDC.
- We have instructed all staff to remain home if they experience any cold or flu symptoms, or have been in contact with anyone who may have the illness. Please be patient with us as we may be understaffed in the coming weeks.

**Ways you can help:**

- **If you are sick, have any cold or flu symptoms, or think you've been exposed to any illness, please stay home and join us another time.**
- Wash your hands often and thoroughly.

Nicholson's is fully committed to keeping ourselves, our guests, and our community healthy and happy. Especially in uncertain times, we feel it's important to continue to provide a comforting space for our guests. For now, we will continue to operate on a normal schedule, and we look forward to seeing you.

As we continue to monitor the situation, we will send updates via email, website, and social media. If you have any questions for us, please email [customerservice@dinetrg.com](mailto:customerservice@dinetrg.com)
