from every featured item sold
to Make A Wish OKI*

Make-A-Wish creates life-changing wishes for children with critical illnesses. Wishes are more than just a nice thing to do, and they are far more than gifts or singular events. Wishes change outcomes, and impact everyone involved, including the wish kids, volunteers, donors, sponsors, medical professionals, and communities. Once in adulthood, many wish kids tell Make-A-Wish that their wish marked a turning point in their road to treatment and recovery. 80% of wish kids beat their illness and live typical healthy lives. The Make-A-Wish Ohio, Kentucky & Indiana Chapter grants the most wishes out of any other chapter in the country-we could not accomplish this life-changing work without the help of our community. Currently we have just under 1900 kids waiting for wishes in our chapter, of which 280 are local Southern Ohio wish kids. Together we can make an impact and continue to grant wishes to local kids.
